WE ARE A UNICORN!

Submitted by Jo Roth, WCGS Treasurer and Webmaster

WCGS is unique in that it not only is a Genealogical Society but also has a Resource Library fully staffed by WCGS Volunteers. To our knowledge, we are one of the few, if not the only, Genealogical Societies fortunate enough to have this.

Having a Resource Library allows us a place to gather for projects, meetings, and discussions. It gives us the ability to house our computers, books, files, and other resource materials in an easily accessible place that is open to the public Monday through Friday, from 9 a.m. until 4 p.m. The Volunteers who give their time to ensure the Resource Library is open during those hours are also great at helping those who visit or contact us asking for help with their research.

Some of these volunteers have been researching for decades; others only for a few years. But they all share a love of learning and a passion for genealogy and history. Webinars, conferences, classes, seminars, and programs are all great ways to learn new methodology, new information, and about new sources.

Many of you take part in these same webinars, conferences, classes, seminars, and programs. But how many of you find that you sit down at your computer with the best intentions to try something you may have learned recently and then find you have questions or aren't sure what to do first? Often, we end up just going back to doing things exactly like we have been doing them and remaining frustrated we aren't finding what we need.

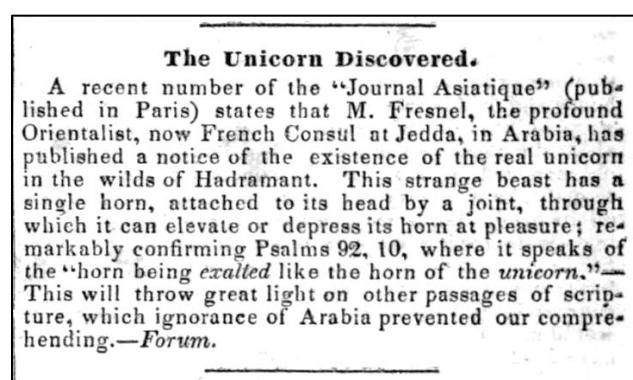

Volunteering for your local Genealogical Society can help break that cycle! You will find like-minded people who are also trying to improve their skills and it is a great place to ask questions, practice new methods, and explore with a bit of a safety net. If you do not live in the area of a Genealogical Society where you would like to volunteer, see if they have any need for volunteering remotely. Now more than ever, technology is allowing people from all over to help in ways that simply were not possible before!

The one skill that will serve you well is the ability to use a computer. If you need to learn more about this or brush up on your skills, consider taking a class on general computer use or on the program you want to learn. It is never too late to start, and having skills in this area is well worth the time you will invest.

Another way to improve is to seek out a Special Interest Group (SIG) for the subject that interests you. A Genealogical Society from another area may have a SIG to fit your needs. And if you are really motivated, but there isn't one in your area, you can always start one! Common topics are specific family tree programs, DNA, cemetery restoration, and specific families or geographical areas.

For those who are reading this, thank you for being part of the genealogical community and thank you for supporting WCGS. We hope to see you or hear from you soon!

(The President's Message written by Jim Brokaw, WCGS President and Research Chair, will return next month. As always, you can reach him by email at president.wcgsoh@gmail.com.)

Robert Edwin Kenyon (September 22, 1937 – October 14, 2025) WCGS Member and Supporter

Robert Edwin Kenyon, a cherished soul known affectionately as Robert, passed away on October 14, 2025, at the age of 88. Born on September 22, 1937, in South Bend, Indiana, Robert's life was a testament to his loving, kind, and creative spirit. His journey began in the heartland of America, where his character was shaped by the values and resilience of the Midwest.

Robert's dedication to his country was evident early in his life when he served honorably in the United States Navy. From March 26, 1956, through December 13, 1962, he was stationed on the USS Washtenaw County in San Diego, California, where he formed lifelong bonds and honed a discipline that would serve him throughout his life.

After his naval service, Robert embarked on a distinguished career in the defense industry, contributing his talents to companies such as E-Systems, Raytheon, and L3. His work was not just a job but a calling, as he was deeply committed to the safety and security of his nation. He was also an active member of his professional community, where his expertise and mentorship were highly valued.

Robert found love and companionship with Patricia Marie Smith, whom he married in Fort Wayne, Indiana. He and Patricia were married just over 50 years. Together, they built a family that became the center of Robert's universe. Although his brother, Leonard Ray Kenyon, preceded him in death, Robert's legacy continues through his beloved daughter, Angelyn Marie Kenyon of Heath, Texas. His sister-in-law, Victoria Mason, and her partner, Jeffrey Sherman, also played significant roles in his life, sharing many cherished memories.

Robert's interests were a reflection of his multifaceted personality. **His passion for genealogy allowed him to connect with his roots and share those stories with his family.** An avid photographer, he captured moments in time, leaving a visual legacy of his perspective on the world. Trains fascinated him, echoing the rhythm of a life well-traveled, while his skill in clock making was a symbol of his patience and attention to detail.

To know Robert was to know a man of unwavering integrity and boundless creativity. His absence will be deeply felt by all who had the privilege of knowing him. Yet, his influence will continue to resonate through the lives he touched and the love he shared. Robert Edwin Kenyon's story is one of commitment, service, and heart, and his memory will be cherished forever.

Robert's online obituary can be found here: <https://www.resthavenfuneral.com/obituaries/Robert-Edwin-Kenyon?obId=46235367>

She was happy to come back to her old high school to teach seventh and eighth grade math. She then taught Jr. High math and geography at Lincolnview North in Van Wert County.

Sandy worked as a tax preparer and instructor for H&R Block and then for Knueven and Schrader.

Sandy and Larry retired to Danbury Twp. in 1995 where she began 20 years of volunteer tax prep and instructing. She was active in Port Clinton Senior Center holding Historian and President positions there.

Sandy and Larry had many rescue animals including two dogs and many special cats. Her interests included Bridge (though her favorite game was euchre), needlework, knitting, and crochet. She donated many of the items she created. She was also an avid reader, especially mysteries.

Sandy was a member of Immaculate Conception Parish, Port Clinton.

Sandy is survived by her husband, Larry; daughter, Karen Konzen; sister, Cindy; brother, Jim; and special friends, Paula, Michelle, and Linda.

Visitation will be 10 a.m. Monday, Oct. 16, 2023, until the time of Sandy's funeral at 12 p.m. at Gerner-Wolf-Walker Funeral Home, 216 Washington Street, Port Clinton.
