Genealogical Research in Clermont County

Many families in Southwest Ohio are found in more than just one county. Some moved back and forth, some migrated from one to the other, and some stayed put, but the borders moved! This presentation will explain what records and family history resources are available at five key locations in Clermont County:

- Public Health
- Probate Court
- Records Center
- Office of the Recorder
- Public Library – Batavia Branch

It will include examples of records and show which records can be found online. Please join us to learn more about researching your family in our neighbor to the south, Clermont County, Ohio!

Presented by Paige Craig

Paige Craig, President of the Clermont County Genealogical Society (CCGS), has researched and proven 26 (yes, that's twenty-six!) of her ancestors who arrived in Clermont County before 1820.

Paige was the Webmaster for CCGS prior to being elected President in 2024. She strives to not only serve the members of CCGS, but also to strengthen and improve relationships and support for other area Genealogical and Historical Societies, including the Warren County Genealogical Society (WCGS) and Hamilton County Genealogical Society (HCGS).

You can learn more about the Clermont County Genealogical Society by visiting their website:
