

## Happy Fourth of July

### Integrating Multi-Media with Family History

In July we are welcoming Mike Fauber as our speaker. He will be introducing us to ways that we can take our Family history and use today's technology to present our family information.

Mike will review the technologies currently used and the hardware needed to support the pictures, video and sound.

He will also cover additional peripherals as: audio recorders, scanners for pictures and 35mm film, and digital cameras and the best features needed for genealogical applications.

Be sure to come and bring a friend of other interested genealogy buffs. Everyone is welcome.

**DATE: July 20th**

**TIME: 7:30 PM**

**PLACE: Phillippi Meeting Room

We have Candy Taylor to thank for the opportunity to copy the Mason, Rose Hill Cemetery Interment Book. She is also combining information from 3 resources to have a more complete listing.

Dana Palmer is working with Scouts and other groups to photograph stones and record them. Chuck and Arne are reading and copying the old Franklin newspapers for pertinent genealogy information. If you would like to help in some way, be sure to come in and volunteer !!!
